MJM Enterprise

27m Multipurpose Survey Vessel

Designed and built in the UK, the MJM Enterprise is a versatile 27m vessel capable of various operations including Survey, ROV and optional Dive campaigns.

GENERAL VESSEL INFORMATION

The vessel benefits from a range of features including a large working deck area with space for 2 x 20ft containers, various sensor mounting options including a 1.2m moonpool for through-hull sensor deployment, and comfortable workstation areas. A passive, anti-roll tank enhances the seakeeping capability, extending available weather windows.

The MJM Enterprise features an 5T A-Frame with 5m internal clearance and integrated winch, as well as a crane rated to 38T/M, ideal for ROV, shallow geotechnical and environmental operations.

With 19 berths, a spacious working galley accommodating up to 8-10 people for dining and a separate lounge area, the vessel offers a range of benefits more commonly seen on larger vessels.

VESSEL PARTICULARS

Length Overall	26.70m
Length	23.96m
Beam	8.10m
Draught	3.0m
Air Draught	15.0m (approx)
Other	Passive anti-roll tank to enhance seakeeping ability

ENGINES & PROPULSION

Engines	Twin Doosan 4V158TIH fixed pitch propellers
Bow Thruster	Kort Propulsion KT170 with 700mm prop giving 1360kg of thrust
Stern Azimuth Thruster	Hydromaster L series with 750mm prop allowing for DP-0
Generators	2 x 79Kva
Speed	10 knots
Fuel Consumption	110 litres per hour @ 10 knots

TANK CAPACITIES

MGO	15m3
Fresh Water	27m3
Black Water	3m3
Grey Water	3m3

ACCOMMODATION

- Bunks – 19 berths, 12 charterer personnel
- Galley – Spacious working galley with ample capacity for 8-10 dining
- Lounge area

WORKING AREA

- 85m2 working deck area
- 5/6 workstations in wheelhouse
- Dedicated lab/processing room
- Client office
- Deck store for samples

DECK

- 1.2m Moonpool: enabling through-hull asset deployment
- Mountings for over side survey pole deployment
- Crane rated to 38T/M allowing for 7.6T @ 4.6m to 2.05T @ 14.15m
- A-frame with a 5m height and 8T capacity utilising an integrated winch
- 2 x fwd mooring winches with 600m of wire with option for 2 x stern anchor winches
- Cargo load capacity of 20T with fixings/fittings for 2 x 20ft container
- Port and starboard removable gunwales for side deployment of assets with optional A-frame capability
- Push on capability
- Saltwater Washdown Pump
